## **DICONEX and DETI Microwave join forces to extend their range of microwave components and solutions.**

Dear customers,

We are pleased to announce that **DETI**, an expert in the design of microwave solutions, has been acquired by **DICONEX**, a leading manufacturer of RF components.

This strategic partnership offers new opportunities for your projects: access to enhanced know-how, thanks to the pooling of our production resources and expertise.

Each entity retains its own identity and you keep your usual contacts.

Our priority remains the same: to provide you with robust, high-performance microwave solutions that give you a competitive edge.

We thank you for your confidence and we look forward to supporting you in your projects.
